# A CÉRÉMONIE WEDDING IN GRAND CEREMONY STYLE

Now for a feel good story this week. Young lady meets young man while both were working a booth for Cérémonie Tea at a summer Arts Festival in Jerusalem. The tea blends put a spell on them and love began to brew. The relationship steeped and steeped. Fast forward a bunch of months and the two were married this past Thursday, June 2<sup>nd</sup> in Jerusalem. The Cérémonie team was especially excited about this fine pairing, because the mother of the bride just happens to be our beloved office manager. Cérémonie Tea was proud to infuse a little bit of their own teas in celebrating this marriage and placed their signature Mini Cubes at each guest's seat. As one of the guests commented, *"The joy at the wedding, which was truly palpable, was so enhanced with their adorable story of how they met one another while working for Cérémonie Tea."* **MAZEL TOV!!!**
